

Nova Highbay

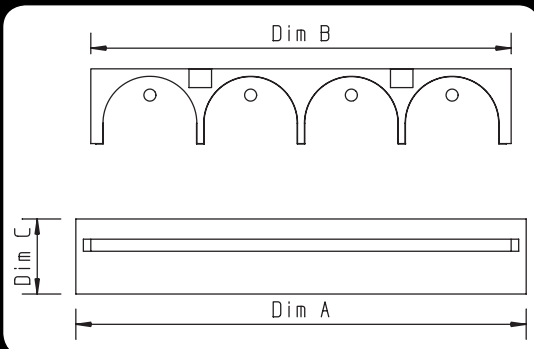

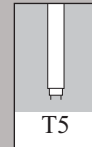

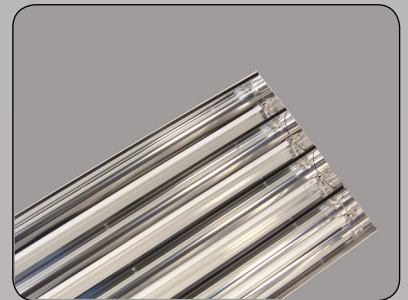

IP20 CE

The Nova Highbay Is A Linear Luminaire Designed To Suit Industrial And Retail Applications Requiring An Energy Efficient Alternative To H.I.D Highbay Luminaires. The Fluorescent Control Gear Gives The Advantage Of Instant Strike And Numerous Switching Options Over Its H.I.D Counterpart.

-  Body constructed from powder coated zintec steel.
-  Aluminium miro4 high output reflectors.
-  Recommended for medium to high height racking and open areas.
-  Supplied as standard with leading brand high frequency control gear.
-  Designed for surface, conduit, beza, threaded rod or suspension mounting.

Available options

-  Various energy saving dimmable options.
-  Wiring configurations such as dual circuit, through wiring and various plug and socket choices all aimed at saving time and effort at installation stage.
-  Extra protection offered with a framed polycarbonate cover.
